Senegal	Maria-Teresa Marillat Roberto	Health Systems Strengthening and Local Health Governance (HSS-LHG)	The Health Systems Strengthening and Local Health Governance (HSS-LHG) mechanism will address several key aspects of the health system, focusing on governance, finance and direct financing to Government of Senegal (GOS) regional entities. The HSS-LHG will directly support the achievement of IR 3 (improved performance of the health system), and will play a key role in contributing to the achievement of IRs 1 and 3. The HSS-LHG mechanism will work primarily at the central level and will apply broadly to all regions of Senegal. Where appropriate, the HSS-LHG project will seek to apply some of the key policy developments in the seven regions receiving concentrated investment from USAID. It will collaborate closely with the Integrated Service Delivery and SBCC (ISD-HB) mechanism, drawing upon the technical expertise and field experience to inform the development of policies and standards. Complementing the ISD-HB IM, HSS-LHG will strengthen community involvement in the management of health services and improve accountability within the system.
