**The IAE mission is to support a common, secure business environment which facilitates and supports cost-effective acquisition of, and payment for, goods and services; effective management of Federal acquisition and assistance awards; and consistent transparency into Federal acquisition and assistance awards.**

**The IAE vision is to continue to evolve and integrate the existing shared portfolio of ten electronic systems used for awarding and administering Federal financial assistance (i.e., grants, loans) and contracts.**

**The largest and most complex of the E-Government initiatives, the IAE works on behalf of the acquisition and financial assistance communities to save money, be more efficient, reduce burdens on the communities we serve, and improve Federal award management.**

- Users are required to submit a NCAGE Code or a CAGE Code in SAM to register their entity.
- NCAGE and CAGE Codes are unique identifiers for entities that do business with and/or seek financial assistance from the U.S. federal government.
- The following table explains the differences between a NCAGE Code and a CAGE Code:

	NCAGE Code	CAGE Code
Location of Entities	Entities located <b>outside</b> the U.S. and its outlying areas*.	Entities located <b>in</b> the U.S. and its outlying areas*.
Assigned By	NATO Support Agency (NSPA)	Defense Logistics Agency (DLA) Contractor and Government Entity (CAGE) Branch

# GSA NCAGE and CAGE Code Assignments

To receive and report your entity's NCAGE Code, please visit the NSPA ePortal Page: <https://eportal.nspa.nato.int/AC135Public/scage/CageList.aspx>

The screenshot shows the NSPA NATO Codification Tools website. The header includes the NATO Codification Tools logo, navigation links for NMCRL-WEB, NMCRL-DVD, CAGE/NCAGE Code Request, and ACodP2/3, and a language dropdown set to 'eng'. The main content area features a search criteria form with the following fields:

- CAGE/NCAGE Code
- Organization Name
- Country
- City
- Postal Code
- Phone Number
- Identification Number (IDN)

A blue circle highlights a link in the introductory text, and a blue arrow points from this circle to the explanatory text at the bottom of the slide.

Click here to review instructions on how to receive and report your entity's NCAGE Code in SAM.

- After obtaining a NCAGE/CAGE Code, Non-US Business/Organizations wishing to do business (contracts/grants) with U.S. Government must:
  1. Confirm that the NCB or NSPA has submitted your correct legal business name and/or physical address to the U.S. CAGE System by going to the Business Identification Number Cross Reference System (BINCS) and enter your NCAGE/CAGE code and click Search.
  2. BINCS is a public facing search engine for domestic and foreign vendors, suppliers and potential contractors supporting the U.S. federal supply chain and should be used to verify the registration information.
  3. BINCS is updated within 24-48 hours after U.S. CAGE System has processed the updates to the NCAGE/CAGE registration.
  4. Verify the information at: [https://www.logisticsinformationservice.dla.mil/BINCS/begin\\_search.aspx](https://www.logisticsinformationservice.dla.mil/BINCS/begin_search.aspx)

- How can I resolve a difference between the legal business name in DUNS and the NCAGE database.
  - 1) The name must match exactly, any difference will result in an error. This includes spaces, dashes, etc. **Bassin-Bleu Inc.** and **Bassin Bleu Inc.** are not the same company, the dash (-) needs to be included.
  - 2) The DUNS Number links to the corresponding NCAGE Code.
  - 3) If the discrepancy is with NCAGE database
    - Contact the following address at [ncage@nspa.nato.int](mailto:ncage@nspa.nato.int)
    - Contact Mr. Patrice Verlaine at 352 3063 6145 or your POC .
  - 4) If the discrepancy is with Dunn & Bradstreet database
    - Use the online webform <http://fedgov.dnb.com/webform>

If you see "You do not have access to this extract" you need to submit a Data Access Request for the appropriate role by logging in with the account that needs the role. Go to "Data Access" then click on either "System Data Access Request" or "Individual Data Access Request" (depending on your user account type) and follow the prompts to submit the request.

- \* Central Contractor Registry (CCR)
- \* Federal Agency Registration (Fedreg)
- \* Online Representations and Certifications Application
- \* Excluded Parties List System (EPLS)

**How will SAM benefit me?**

The overarching benefits of SAM include streamlined and integrated processes, elimination of data redundancies, and reduced costs while providing improved capability.

### 3.3.3 Submitting Your Registration

All mandatory data elements must be completed to submit your registration. If you have done this successfully, you will see a green check mark next to each section in the navigation panel on the left side of the screen. Review your registration record in its entirety.

- Click “Edit” to update any necessary information in the registration.
- Click “Submit” to certify that the information is correct.
- SAM will display a confirmation indicating you successfully submitted your registration. You will also receive a confirmation email.

**PLEASE NOTE: Your record is NOT yet active.**

#### *3.3.3.1 Before Your SAM Registration is considered Active*

- TIN Match validated by the Internal Revenue Service (IRS). It may take three to five business days from the time you submitted for the IRS to validate new and updated records prior to becoming active in SAM.
- CAGE Code or NCAGE code is validated or assigned by DoD, as applicable.

Plan ahead. Allow up to 10 business days after you submit your registration for it to become active in SAM and an additional 24 hours before that registration information is available in other government systems..

You will receive a confirmation email once the registration is activated. At that time, you will be eligible for Federal Financial Assistance from the U.S. Federal Government.

Before your entity registration is complete, you will be asked to provide Mandatory POCs and Optional POCs.

- The POCs you will be asked to provide have been determined based on the answers you provided during the registration process.
