This AAPD 10-03 is archived because the same-sex domestic partner program ended for U.S. direct hires Foreign Service Officers (USDH) on Sept. 30, 2018. See All Diplomatic and Consular Posts Collective (ALDAC) cable 15 STATE 118678.

The corollary USPSC program issued under this AAPD was similarly discontinued to maintain parity of benefits with USDH.

PURPOSE: The purpose of this AAPD is to implement benefits for same-sex domestic partners of U.S. Citizen/U.S. Resident Alien personal service contractors (USPSCs).

ACTION REQUIRED: Effective immediately, Contracting Officers (COs) must implement the changes to AIDAR Appendices D and J, as shown in Attachment 1 and as prescribed in the Guidance section below.

BACKGROUND: In June 2009, the Secretary of State announced that the Department of State would extend the full range of legally available benefits and allowances to same-sex domestic partners of Foreign Service employees serving overseas.

USAID announced in Executive Message dated August 4, 2009, that the Agency is extending those benefits and allowances to USAID Foreign Service employees and to USPSCs serving overseas. This AAPD provides more detailed implementing guidance for the USPSCs.

GUIDANCE: The following information discusses these changes, how they are being implemented, and how to obtain benefits.

1. What specific changes are being made and how are they being implemented?

The Executive Message noted above included information on changes the Department of State is making to the Foreign Affairs Manual (FAM) and the Standardized Regulations (DSSR). As stated in the Executive Message, the Department of State made interim changes to the FAM effective June 26, 2009, and to the DSSR, with an effective date of July 5, 2009. Subsequent to the issuance of the Executive Message, the Department of State formally revised the FAM to add a new 3 FAM 1600—Domestic Partners, and revised relevant sections of the DSSR, as anticipated in the Executive Message.

- The changes to the FAM and DSSR permit same-sex domestic partners of Foreign Service employees to qualify as family members for a variety of benefits and allowances. In order to implement these new policies for USPSCs serving overseas as stated in the Executive Message, the Director of M/OAA approved a class deviation to revise AIDAR Appendices D and J. These revisions:
 - 1) Change the definition of “Dependents” to include same-sex domestic partners;
 - 2) For USPSCs serving overseas, and as detailed in the USPSC’s contract, add where applicable and subject to the availability of funds, the same benefits for same-sex domestic partners as provided for direct hire Foreign Service Officers;
 - 3) For USPSCs serving overseas, implement the policy detailed in the referenced Executive Message.

The changed text is in ***bold italic font*** in Attachment 1. COs must remove the bold italic font before including the General Provisions (GPs) in contracts. Note, too, that only those subsections of Appendix D, Section 4, “POLICY” and those GPs affected by the Class deviation are included in Attachment 1.

- For the Agency's offshore USPSCs, applying the same-sex domestic partner policy to USPSCs does not equate USPSCs benefits and allowances with United States Direct Hires (USDH). What it does do is establish the policy to extend the benefits and allowances previously provided only to a "spouse" to those USPSCs with a same-sex domestic partner and who meet the eligibility criteria described below. The USPSCs' benefits and allowances continue to be limited by the Appendices, Contract Information Bulletins (CIBs), AAPDs, and other means used to add, limit, or extend benefits or allowances. The changes noted above apply as appropriate to existing CIBs and AAPDs.
- Where appropriate, this extension of benefits and allowances will apply to the children of same-sex domestic partners as well.

The FAM and DSSR may be accessed at <http://www.usaid.gov/who-we-are/agency-policy/external-reference-links>. COs should encourage USPSCs to review these changes to acquire a more complete explanation, but they must understand that the terms and conditions of their contracts determine which benefits and allowances they are eligible to receive. COs must also ensure that sufficient funds are available to cover the costs associated with increased benefits and allowances associated with the new policy.

2. What is the process for obtaining benefits?

Consistent with the FAM regulations, and the implementing direction provided in the Executive Message noted above for USDH, USPSCs who seek benefits for their same-sex domestic partners should work with their Contracting Officer.

They must provide the Contracting Officer a signed copy of the affidavit (Attachment 2) and file a new or amended OF-126, Residency and Dependency Report, to add "domestic partner" in the box requesting "relationship." The OF-126 may be accessed from the Agency's Forms Web page. USPSCs may file these forms immediately.

In addition, USPSCs overseas must submit Form SF-1190, Foreign Allowances Application, Grant and Report, in order to include newly declared family members for overseas allowances purposes.

Domestic partners must also comply with the same security requirements and undergo the same background check as spouses. Domestic partners must also have a valid medical clearance for the post of assignment. Those already at post should follow the procedures for a newly acquired dependent. They will be given access to the overseas health unit for up to 90 days pending completion of their medical clearance. It is important to note that domestic partners must have health insurance as the Agency acts only as a secondary payer in the event of overseas hospitalization.

3. What are the next steps/Where can I find additional information?

USPSCs may use the Office of Human Resources Web Page with various references and documents available on the USAID Intranet. Again, however, while USPSCs are encouraged to review these changes to acquire a more complete explanation, USPSCs must understand that the terms and conditions of their contracts determine which benefits and allowances they are eligible to receive.

For USPSCs, M/OAA will continue to update and publish additional information, additional instructions and guidance as needed and necessary.

POINT OF CONTACT: Questions may be directed to M/OAA/P, Tom M. Henson, on (202) 712-5448.

(c) Conditions of Employment

(2) Compensation.

(i) It is USAID's general policy (see AIDAR 722.170) that PSC compensation may not, without the approval of the Mission Director or Assistant Administrator, exceed the prevailing compensation paid to personnel performing comparable work in the cooperating country. Compensation for TCN or CCN personal services contractors set in accordance with the provisions of 4c(2)(ii) below satisfies this requirement.

(ii) In accordance with Section 408(a)(1) of the Foreign Service Act of 1980, a local compensation plan forms the basis for all compensation payments to FSNs which includes CCNs and TCNs. The plan is each post's official system of position classification and pay, consisting of the local salary schedule which includes salary rates, statements authorizing fringe benefit payments, and other pertinent facets of compensation for TCNs and CCNs, and the local position classification system as reflected in the Local Employee Position Classification Handbook (LEPCH) or equivalent in effect at the Mission. Compensation for PSCs will be in accordance with the local compensation plan, to the extent that it covers employees of the type or category being employed, unless the Mission Director determines otherwise. If the Mission Director determines that compensation in accordance with the local plan would be inappropriate in a particular instance, then compensation will be set in accordance with (in order of preference):

(A) Any other Mission policies on foreign national employee compensation; or

(B) Paragraphs 4(c)(d), (e), (g), (h), and (i) of Appendix D.

When compensation is set in accordance with this exception, the record shall be documented in writing with a justification prepared by the requesting office and approved by the Mission Director.

(iii) The earning of leave (annual and sick), allowances and differential (if applicable), salaries and all other related benefits cannot be enumerated in this Appendix as they vary from Mission to Mission and are based upon the compensation plan for each.

(iv) Unless otherwise authorized, the currency in which compensation is paid to contractors shall be in accordance with the prevailing local compensation practice of the post.

(v) CCN and TCN contractors are eligible for allowances and differential on the same basis as direct-hire FSN employees under the post compensation plan.

(vi) A USAID PSC who is a spouse, dependent, or **same-sex domestic partner** of a current or retired U.S. Civil Service, U.S. Foreign Service, or U.S. military service member, and who is covered by the employee's or retiree's government health or life insurance policy, is ineligible for a contribution towards the costs of annual health and life insurance.

(vii) Retired CCNs and TCNs may be awarded personal services contracts without any reduction in or offset against their Government annuity.
