

## Selected Product Service Codes for Planned Analysis of the FY2018 Inventory

As required by OMB's Memorandum regarding Service Contract Inventories, dated December 19, 2011, the U.S. Agency for International Development (USAID) has selected the following special interest functions for its FY 2018 Service Contract Inventory Analysis. The Product Service Codes (PSCs) selected have the largest percentage of obligations for services and a large cadre of contract actions for evaluation. Additionally, the selected PSCs cover critical technical functions in USAID. This analysis would strengthen our operations management platform and transformation effort to support host country partners on their journey to self-reliance.
